**INDIANA, THE CROSSROADS OF AMERICA**

Indiana has more miles of Interstate Highway per square mile than any other state. Today more major highways intersect in Indiana than in any other state.

Indiana has produced more professional basketball players per capita than any other state, sending 26 of every million citizens to the NBA.

Indiana’s limestone helped build the Pentagon, the Empire State Building, Rockefeller Center, the United States Holocaust Memorial Museum, Washington National Cathedral, and more.

Indiana has the smallest area of any state west of the Appalachian Mountains (in the continental U.S.)

**INDIANA, EDUCATION TODAY**

**Glenda Ritz, Superintendent of Public Instruction for Indiana**

- Born in Lafayette, Indiana and graduated from Jefferson High School, Ms. Ritz holds two

- National Board Certified Teacher, she won two teaching awards during her career.

- She won election to Superintendent of Public Instruction in 2012 with 53% of the vote in an upset against the incumbent.

Welcome to the Indiana Department of Education!

We are dedicated to providing the highest quality of support to Indiana’s schools, teachers, students and parents. We are working with educators, policy makers, business leaders, and community based organizations to achieve our mission to build an education system of high quality and equity that is focused on student-centered accountability.

The Indiana Department of Education is using a community approach to educating our children and in building support systems for our schools. No matter where children live in our state, they should enter schools that have equity in resources and the expectation they will receive a high quality education. We have established the division of Outreach for School Improvement to embrace this philosophy and approach to ensuring continuous and measurable improvement for both our students and schools.

Respectfully,

Glenda Ritz
